

CIAO!

**Were you born in Italy?
Was one of your parents born in Italy?
Do you speak Italian at home?**

There are currently 10,006 women of Italian background between the ages of 50 to 74 years old in New South Wales who have not had a mammogram.

The 10,000 Italian Roses Project aims to raise awareness about breast screening (mammogram) among the Italian community in New South Wales. You can help save the lives of women in your family and community. If they are between the ages of 50 to 74 years old, encourage them to have a FREE mammogram with BreastScreen NSW by calling 13 20 50.
